## Instructions for e-voting

### THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM/EGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

- (i) The Remote e-voting facility will be available through CDSL platform during the following voting period::

Commencing of e-voting	End of e-voting
21.09.2023 (9.00 a.m.)	24.09.2023 (5.00 p.m.)

During this period, members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date on 18th September, 2023, may cast their vote by remote e-voting. The remote e-voting module shall be disabled by CDSL for voting thereafter. Once the vote on a resolution is cast by the member, the member shall not be allowed to change it subsequently

Please read the instructions printed below before exercising your vote.

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

- (iv) In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.
- (v) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. ### MANAGEMENT DISCUSSION & ANALYSIS REPORT

#### 1. CAUTIONARY STATEMENT

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand/supply and price conditions in the domestic and international markets in which the Company operates, changes in the Government regulations, tax laws and other statutes and another incidental factor.

#### 2. OVERVIEW OF INDUSTRY

Keerthi Industries mainly operates in three business segments; (a) Cement (b) Electronics and (c) Power.

##### a. CEMENT

We operate one integrated cement plants in the States of Telangana. This segment contributes more than 90% of the total Turnover of the Company vis-à-vis other segments of the Company. We sell cement under the brand "Suvarna Cements", one of the leading brands in South India.

The Company has installed modern Vertical Raw Mills (VRM) in place of erstwhile Raw Ball mills and run under trial basic it will benefited by save cost of production, low pollution, less chances of accident as the VRM is operated from Control Room by skilled employees, save running hours and it will consumes less power and fuels.

##### b. ELECTRONICS

Your Company is one of the few companies specialized in manufacturing flexible Printed Circuit Boards (PCB) in India. The Electronic Industry is looking up and doing well, giving a scope for PCB industry to expand. There appears to be some improvement in the usage of flex circuits in India as new designers have started involving them for prototype manufacturing. The segment has good improvement in its operations during the financial year with strong demand from their regular consumers. Focus on quality and customer service, improved supply chain mechanism is expected to give strong push to company's operations in the upcoming years. The Board of Directors of the Company at their meeting held on 14.08.2021 and 10.02.2023 have approved to modernize the process of manufacturing Printed Circuit Boards with an estimated revised project cost from Rs. 6 Crores to Rs. 10 crores under the scheme for promotion of manufacturing of Electronics components and Semiconductors (SPECS) of the Ministry of Electronics and Information Technology (MeitY) of the Government of India.

##### c. POWER

Your company was having one 1.50 MW Wind Energy based Electric Generating Station ("the Plant") located at Koppalahlli village, Hassan (Taluk & District), Karnataka and is being commissioning since September, 2007. The Power generated from the plant was entirely sold to Chamundeshwari Electricity Supply Corporation Limited (CESC), a Government of Karnataka Undertaking. Your Company had appointed Suzlon Energy Limited (SEL), having registered office at Pune, Maharashtra, as Operation & Management Service Contractor inter alia to look after, manage and operate the Wind Turbines Generators (WTGs) and related equipment's.

With the growing cut-throat competition in the market, the Audit Committee and the Board at their meeting held on 13th November, 2021 have approved to sell the wind power division on a slump sale basis to M/s. Mission Biofuels India Private Limited and the undertaking was sold during the year with the total consideration of RS. 2.24 Crores.

##### d. OILFIELD AND NATURAL GAS

Under the existing circumstances, the Company is eying to explore the segment of oilfield and Natural gas along with its existing business activities. These will enable the Company to carry on its business economically and efficiently. The Company is looking forward to take up and start new projects in this field.

#### 3. OPPORTUNITIES & OUTLOOK

While global economic growth is expected to moderate further in 2023 before marginally increasing in 2024, India is

likely to grow 6.0%-6.5% in FY 2024, the fastest among major economies in the world. Higher public sector capex, coupled with fresh capital investments by the private sector, will help drive medium-term growth, while digitalisation and efficiency-enhancing reforms will enhance productivity. Further, India's transition to clean energy and mobility through green hydrogen and electric vehicles provides significant investment opportunities. Semiconductors and IT product manufacturing are expected to position India attractively in global trade.

The long-term growth drivers of the economy remain intact coupled with a large and fast-growing middle-class driving consumer spending. The rapidly growing domestic consumer market as well as the large industrial sector have made India an important investment destination for a wide range of multinationals across manufacturing, infrastructure, and services. Further, India is fast becoming the start-up capital of the world, attracting sizeable foreign investments, driven by its young population and technology edge. However, a complex interplay of geopolitical events including the neighbouring countries, high inflation and consequently elevated interest rates could pose risks to future economic growth.

## a. CEMENT DIVISION

### Industry Structure and Developments:

India is the world's second-largest cement producer, accounting for over 7% of the global cement installed capacity. Cement production in India grew at 7.6% for FY 2023 (368 million tonne) driven by strong demand from housing and infrastructure sectors. The housing sector accounts for majority of India's cement consumption, followed by the infrastructure sector, and commercial and industrial building constructions.

Outlook for cement sectors is favourable on the back of higher growth opportunities in the housing and infrastructure segments. The Government in the Union Budget 2023-24 has allocated \$11.4 billion for the creation of safe housing (rural and urban), sanitation and increase road connectivity. With a busy construction season ahead with the pre-election spending kicking in, the Industry is expected to see a volume growth of 6-8% going forward and is likely to reach ~390-400 million tonnes.

### Opportunities:

India Ratings & Research forecasts that cement demand will grow by up to 9% in the 2024 financial year that started in April 2023, due to continued government infrastructure spending. Despite mounting inflation and a large number of capital expenditure projects in progress, it expects cement company profits to recover due to slowing increases in energy costs, according to the Press Trust of India. The current prediction for the 2024 financial year follows a growth estimate of 9% in the 2023 financial year.

The primary demand driver for the cement industry will continue to be India's expanding housing sector, which normally accounts for 65% of the country's total cement consumption. The Union Budget for the year 2023-24 has an outlay for PM Awas Yojana, which is being enhanced by 66% to over ` 79,000 Crores (US\$ 9.6 billion) to build affordable houses in urban and rural India. India built 12,000 kilometres of roadways in 2022, and this momentum is projected to continue in 2023 and 2024, supported by a number of government's programmes, which would further increase cement demand.

The cement demand in FY2023, though started on a mute note because of the inflationary environment, picked up pace in the second half as global raw material prices stabilised. Cement volumes grew by 8-9% in FY2023 to 380-385 million tonne, driven by housing demand, both rural and urban, and the infrastructure sector. Cement manufacturers are wary of further increasing their prices and this is leading to an impact on their profitability margins. Cost optimisation through tech enablement and innovating manufacturing processes have become extremely important for firms to sustain in the long run.

## b. ELECTRONIC DIVISION:

### Industry Structure and Developments:

The global PCB (printed circuit board) market size grew from US \$ 62.18 Billion in 2022 to US \$ 69.60 Billion in 2023 at a compound annual growth rate is 11.90%. and it is expected to grow to US \$ 104.99 Billion in 2027 at a compound annual growth rate is 10.80%.

Electronics industry is one of the largest global industries and form an integral part of several industries including Consumer Electronics, Medical equipment, IT, Telecom, Strategic Electronics (Defence, Space, and Aerospace), Industrial, & Mobility.

## **Indian PCB (Printed Circuit Board) Market:**

The Indian PCB (printed circuit board) market size reached US\$ 4.5 Billion in 2022. Looking forward, the analyst expects the market to reach US\$ 11.8 Billion by 2028, exhibiting a growth rate (CAGR) of 16.6% during 2023-2028. The rising utilization in consumer electronic products, increasing application in electric vehicles (EVs), and favorable government policies represent some of the key factors driving the market. India represents one of the largest and fastest growing consumer electronics market in the Asia Pacific region

The Government of India is strongly encouraging the manufacturing and usage of PCBs in the country. It has launched many initiatives such as 'Make in India', 'Digital India' Specs Scheme of Meity etc. Under these schemes, the government aims to encourage manufacturers to set up more local plants in the country by easing tax regime, reducing bureaucratic hurdles, etc. This is expected to bring in significant achievement in various end-use industries (automotive, electrical, etc.), thereby creating a positive impact on the overall PCB demand.

In line with the government initiative your company started modernising the process of manufacturing Printed Circuit Boards with an estimated revised project cost of Rs. 10 crores under the scheme for promotion of manufacturing of Electronics components and Semiconductors (SPECS) of the Ministry of Electronics and Information Technology (MeitY) of the Government of India. Popularly known as 25% Subsidize Scheme.

### **Opportunities:**

Electronics are a global driver for the world's economy. They are present in everything from life-saving medical equipment to safety and security systems, telecommunications, and automobiles. Electronics manufacturing involves significant job creation within the industry itself as well as in other industries through improved productivity and constant innovation. Applications such as wearables, augmented and virtual reality, and high-end graphics and video are just a few of the electronics-based innovations coming our way.

Favorable government policies represent one of the primary drivers increasing the sales of PCBs in India. The Government of India is encouraging the manufacturing and utilization of PCBs across the country by offering various initiatives, such as Make in India and Digital India. In addition to this, it is supporting manufacturers to set up more local plants in the country by providing easy tax regime and reducing bureaucratic hurdles.

India is one of the largest consumer of electronic products in Asia-Pacific region and the third largest start-up hub coupled with strong research and development (R&D) ecosystem. Bengaluru and Hyderabad are ranked among the top 50 start-up cities in 2021. Your Company is one of the few companies specialized in manufacturing flexible printed circuit boards in South India. Your company has shown a raising tone even in this hardship time Your Company is focusing on modernizing the manufacturing processes thereby aiming to take up new projects to improve the revenue in this segment.

## **c. OILFIELD AND NATURAL GAS:**

### **Industry Structure and Developments:**

India is the world's third largest energy consumer globally. Demand for primary energy in India is expected to increase threefold by 2035 to 1,516 million tonnes of oil. The oil and gas sector is among the eight core industries in India and plays a major role in influencing decision making for all the other important sections of the economy. India's economic growth is closely related to energy demand; therefore, the need for oil and gas is projected to grow more, thereby making the sector quite conducive for investment. India is expected to be one of the largest contributors to non-OECD petroleum consumption growth globally.

In November 2021, India announced its target of achieving Net Zero emissions by 2070. Prior to this, earlier in the year, India had targeted the goal of being energy Independent by 2047. In relation to this, significantly, during the year, the Government of India launched its National Hydrogen Mission, advanced its ethanol blending target and launched mega production-linked incentive schemes for Solar PV, Advanced Batteries and the automotive sectors. This was followed by the announcement of Green Hydrogen/ Green Ammonia Policy that aim to boost production of 'Green Hydrogen' to 5 million tonnes by 2030 and make India an export hub for the clean fuel.

### **Opportunities:**

25% of the global energy growth between 2020 and 2040 is envisaged to come from India due to the fast-growing economy and demographic dividend, so India's energy demand Expected to grow at about 3% per annum by 2040, compared to the global rate of 1%. Early production royalty concession of 10%, 20% and 30% for different Category producer. Any entity can set up LNG stations in any Geographical Area in India

even if they do not have a City Gas Distribution license. Liberal government policies in getting Environmental clearance also stimulates to concentrate in this field of Exploration & Production of Oilfield and Natural Gas.

#### **4. RISKS, CONCERNS & THREATS:**

##### **a. CEMENT DIVISION**

Concerns of the Cement division are high cost of Power and Coal, high freight cost, inadequate infrastructure, non-availability of Wagons, and poor quality of coal and heavy taxes / royalty levies and heavy finance cost as the cements industry is the capital intensive industry. The Operations of Cement companies in Telangana and Andhra Pradesh suffer due to availability of Coal, Fuel, lower realizations and lower demand in the state.

##### **b. ELECTRONIC DIVISION**

The complexity of the PCB design and manufacturing processes means there are numerous opportunities for PCB failure issues to arise. Some of these failures are a result of design oversights, such as insufficient clearances or incorrect measurements, which can negatively affect the functionality of the finished product. Others may result from problems in the manufacturing process, such as drilling errors or over-etching, which can be equally catastrophic.

There is a threat from major domestic and foreign competitors who, in order to maintain their scale of production, have installed higher production capacity, offer lower prices, better payment terms and other incentives. Due to delay in upgrading our manufacturing facilities because of financial constraints our market share may be affected.

The company is also exposed to risks across its entire range of business operations i.e. Loosing of major customers due to inability to meet the customer demands on time due to lack of modern machinery and equipment.

##### **c. OILFIELD AND NATURAL GAS**

The oil and gas industry easily have a large impact on the mass populations of the world, as they supply many useful products, the main one being gasoline. Though this industry is a large and prosperous one, it also has a lot of risk involved with it. As with any product, there is always the concern that the supply won't meet the demand, or that the demand won't meet the supply, which results in wasted resources. Your company is looking avenue in this segment.

#### **5. OUR BUSINESS**

The breadth and depth of 'Keerthi' expertise has been built over last 10 years through a unique combination of long-standing customer relationships, investments in people and through continuous investments in new technologies.

The Company has been steadily expanding its customer base, infrastructure, service lines and industries. The growth momentum of the Company continues to deliver strong financial results, attract top domestic talent and win new customers and strengthen existing customer relationships. The Company has decided to concentrate and put the resources of the Company is its core business and in those segments which are likely to be profitable in coming years.

#### **6. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:**

The company is following a proper and adequate system of internal controls in respect of all its activities including safeguarding and protecting its assets against loss from unauthorized use of disposition. Further all transactions entered into by the company are duly authorized and recorded correctly. M/s. Pavuluri & Co., Chartered Accountants, Hyderabad has been working as the Internal Auditors of the company. The Internal Auditors are submitting reports to the Audit Committee on a Quarterly basis.

#### **7. SEGMENT WISE OR PRODUCT WISE PERFORMANCE:**

It is discussed in the Directors Report under the head operations in the Director's Report.

#### **8. HUMAN RESOURCES, INDUSTRIAL RELATIONS**

The company enjoys very cordial industrial relations, due to which there is very low employee/ labour turnover in the company. You will be happy to note that ever since the inception of the Company, there were no strikes, lockouts, lay-offs, retrenchments, etc.

#### **9. SENIOR MANAGEMENT DISCLOSURES**

The Company's senior management makes disclosures to the Board relating to all material financial and commercial transactions as and when they occur.

In our opinion and to the best of our information and according to the explanations given to us, the accompanying financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the Loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditors responsibility for the Audit of Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### Key Audit Matters

Key Audit matters are those matters that in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

#### Information Other than the Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements:**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued there under and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

## **Annexure – B to the Auditor’s Report**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls with reference to financial statements of KEERTHI INDUSTRIES LIMITED (“the Company”) as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditor’s Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material aspects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud and error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s financial controls with reference to financial statements.

## Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with policies or procedures may deteriorate.

## Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**Notes:**

**Nature & Purpose of Reserves**

- Capital Reserve  
The Company recognises profit and loss on purchase, sale, issue or cancellation of the Company's own equity instruments to capital reserve. This Reserve also represents the difference between value of the net assets transferred to the Company in the course of business combinations and the consideration paid for such combinations.
- Capital Redemption Reserve  
As per Companies Act, 2013, capital redemption reserve is created when company purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares so purchased is transferred to capital redemption reserve. The reserve is utilized in accordance with the provisions of section 69 of the Companies Act, 2013.
- Retained Earnings  
This Reserve represents the cumulative profits of the Company. This Reserve can be utilized in accordance with the provisions of the Companies Act, 2013.
- Re-measurement of defined benefit obligations  
The reserve represents the remeasurement gains/(losses) arising from the actuarial valuation of the defined benefit obligations of the Company. The re-measurement gains/(losses) are recognised in other comprehensive income and accumulated under this reserve within equity. The amounts recognised under this reserve are not reclassified to profit or loss.

## DESCRIPTION OF THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES.

### CORPORATE INFORMATION

Keerthi Industries Limited (the 'company') is a public limited company domiciled and incorporated in India under the Companies Act, 1956. The registered office of the company is located at Plot No. 40, IDA, Balanagar, Hyderabad - 500037.

The company is engaged in the business of manufacturing, selling and distribution of Cement under the brand name "SUVARNA". The company also manufactures printed circuit boards and engaged in the generation of wind power.

### 1. SIGNIFICANT ACCOUNTING POLICIES

#### 1.1 Statement of Compliance

These financial statements are prepared in accordance with the Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013 ("the Act"), amendments thereto and other relevant provisions of the Act and guidelines issued by the Securities and Exchange Board of India ("SEBI"), as applicable.

These financial statements have been prepared by the Company as a going concern on the basis of relevant Ind AS that are effective at the Company's annual reporting date, 31 March 2023. These financial statements were authorised for issue by the Board of Directors of the Company at their meeting held on May 30, 2023.

#### 1.2 Basis of Preparation and Measurement:

These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act.

The financial statements have been prepared on a historical cost basis, except for financial instruments which have been measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

#### 1.3 Current Vs Non-current classifications:

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III (Division II) to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

#### 1.4 Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

#### 1.5 Property, Plant and Equipment:

##### ❖ Measurement at recognition

An item of property, plant and equipment that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of property, plant and equipment other than land are carried at their cost less accumulated depreciation and accumulated impairment losses. Freehold land is carried at cost of acquisition.

The cost of an item of property, plant and equipment comprises the purchase price and any cost attributable to bring the asset to its location and working condition for its intended use. Borrowing costs relating to acquisition of property, plant and equipment which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to put to use.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Costs in nature of repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

❖ **Capital Work in Progress**

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

❖ **Depreciation and amortization methods**

- a) Depreciation is provided on Straight Line Method on the assets, other than office equipment, furniture & fixtures and vehicles of Cement Division, on which depreciation is provided on Written Down Value Method, over the useful lives specified in Schedule II to the Companies Act, 2013.
- b) Depreciation on additions is being provided on pro rata basis from the date of such additions. Depreciation on assets sold, discarded or demolished during the year is being provided up to the date on which such assets are sold, discarded or demolished.

❖ **Impairment**

- a) Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).
- b) Reversal of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the asset are no longer existing or have decreased.

❖ **Derecognition**

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

## 1.6 Intangible Assets:

❖ **Computer Software**

Computer software is measured on initial recognition at cost. Following initial recognition, software is carried at its cost less accumulated amortization and accumulated impairment losses.

❖ **Amortization Methods**

The carrying amount of computer software is amortized over the useful life as estimated by the Management which is about 6 years for ERP software and 3 years all other intangible computer software assets.

❖ **Impairment**

- a) Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use.
- b) Reversal of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the asset are no longer existing or have decreased.

❖ **Derecognition**

The carrying amount of an intangible asset is derecognized on disposal or when no future economic

benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

## 1.7 Borrowing Costs

Borrowing costs to the extent attributable to the acquisition or construction of a qualifying fixed asset are capitalized as part of the cost of such asset till such time the asset is ready for its intended use. All other borrowing costs are recognized as expenses in the Statement of Profit and Loss in the period in which they are incurred. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. Borrowing costs include interest (calculated using Effective Interest Method) and other cost incurred in connection with the borrowing of funds.

## 1.8 Inventories

Finished goods and Work in progress are valued at the lower of cost or net realizable value.

Raw materials, stores and spares and packing material are valued at cost except where net realizable value of the finished goods they are used in, is less than the cost of finished goods and in such an event, if the replacement cost of such materials is less than their book values, they are valued at replacement cost.

Scrap is valued at Net realizable value.

The cost is computed on weighted average basis.

Cost of raw materials comprises cost of purchases and includes all other costs incurred in bringing the inventories to their present location and condition. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated based on normal operating capacity.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Spare parts, stand-by equipment and servicing equipment are recognized in accordance with this Ind AS-16 when they meet the definition of Property, Plant and Equipment. Otherwise, such items are classified as inventory.

## 1.9 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### Financial Assets

#### ❖ Initial recognition and measurement:

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in statement of profit or loss.

#### ❖ Subsequent measurement:

For subsequent measurement, the Company classifies its financial assets into the following categories:

- (i) Amortized cost
- (ii) Fair value through profit and loss (FVTPL)
- (iii) Fair value through other comprehensive income (FVOCI).

#### a) Financial Asset measured at amortized cost

Financial Assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortized cost using effective interest rate (EIR) method. The EIR amortization is recognized as finance income in the statement of Profit & Loss.

The company while applying above criteria has classified all the financial assets (except investments in mutual funds) at amortized cost.

**b) Financial Asset measured at fair value through other comprehensive income**

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

The company while applying above criteria has identified that there are no financial assets that can be classified at fair value through other comprehensive income.

**c) Financial Asset measured at fair value through profit and loss (FVTPL)**

Financial Assets are measured at fair value through Profit & Loss if it does not meet the criteria for classification as measured at amortized cost or at FVTOCI. All fair value changes are recognized in the statement of Profit & Loss.

Investments in Mutual funds are classified as financial assets measured at FVTPL.

❖ **Impairment**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the debt instruments, that are measured at amortized cost e.g., loans, debt securities, deposits, trade receivables and bank balance.

Expected credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive.

The management uses a provision matrix to determine the impairment loss on the portfolio of trade and other receivables. Provision matrix is based on its historically observed expected credit loss rates over the expected life of the trade receivables and is adjusted for forward looking estimates.

Expected credit loss allowance or reversal recognized during the period is recognized as income or expense, as the case may be, in the statement of profit and loss. In case of balance sheet, it is shown as reduction from the specific financial asset.

❖ **Derecognition**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

**Financial Liabilities**

❖ **Initial Recognition and Measurement**

Financial liabilities are recognized initially at fair value plus any transaction cost that are attributable to the acquisition of the financial liability except financial liabilities at FVTPL that are measured at fair value.

❖ **Subsequent Measurement**

**a. Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gain or losses on liabilities held for trading are recognized in the profit or loss. The Company doesn't designate any financial liability at fair value through profit or loss.

**b. Financial liabilities at amortized cost**

All financial liabilities of the Company are subsequently measured at amortized cost using the effective interest method.

❖ **Derecognition**

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

## 1.10 Government Grants

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Grants related to revenue items are presented as part of profit or loss under general heading such as other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as 'Deferred Government Grant' and are credited to profit & loss account under other income on a straight-line basis over the expected lives of the related assets.

The Company has received refundable government loans at below-market rate of interest which are accounted in accordance with the recognition and measurement principles of Ind AS 109, 'Financial Instruments'. The benefit of below-market rate of interest is measured as the difference between the initial carrying value of loan determined in accordance with Ind AS 109 and the proceeds received. Income from such benefit is recognized on a systematic basis over the period of the loan during which the Company recognizes interest expense corresponding to such loans.

## 1.11 Revenue

Revenue is recognised to depict the transfer of promised products or services to customers.

Revenue is measured at the fair value of consideration received or receivable and is recognized to the extent that it is probable that the economic benefits will flow to the Company.

### ❖ **Sale of goods:**

Revenue from sale of goods is recognized when the significant risks and rewards of ownership of goods have passed to the buyer. Amounts disclosed as revenue are exclusive of GST and net of returns, trade allowances, rebates, value added taxes.

### ❖ **Interest / Dividend**

Interest Income is recognized using the Effective interest rate (EIR) method. Dividend income is recognized when right to receive is established.

## 1.12 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the date of commencement of lease, the Company recognises a Right-of-use asset ("ROU") and a corresponding liability for all lease arrangements in which it is a lessee, except for leases with the term of twelve months or less (short term leases) and low value leases. For short term and low value leases, the Company recognises the lease payment as an operating expense on straight line basis over the term of lease.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate explicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases.

## 1.13 Cash and cash equivalents

Cash and cash equivalents include cash on hand and at bank, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash which are subject to an insignificant risk of changes in value and are held for meeting short-term cash commitments.

For the Statement of Cash Flows, cash and cash equivalents consists of short term deposits, as defined above, net of outstanding bank overdraft as they are being considered as integral part of the Company's cash management.

## 1.14 Income taxes

Income tax expense for the year comprises of current tax and deferred tax. It is recognized in the Statement of Profit and Loss except to the extent it relates to a business combination or to an item which is recognized directly in equity or in other comprehensive income.

**Current tax** is the expected tax payable/receivable on the taxable income/ loss for the year using applicable tax rates at the Balance Sheet date, and any adjustment to taxes in respect of previous years. Interest income/ expenses and penalties, if any, related to income tax are included in current tax expense.

**Deferred tax** is recognized in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes using tax rates enacted, or substantively enacted, by the end of the reporting period.

## 1.15 Provisions and contingent liabilities

Provisions are recognized when there is a present legal or constructive obligation that can be estimated reliably, as a result of a past event, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provisions are reversed. Where the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provisions due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

## 1.16 Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, which includes all stock options granted to employees.

## 1.17 Foreign Currency transactions

### ❖ **Functional and Reporting Currency:**

The Company's functional and reporting currency is Indian National Rupee..

### ❖ **Initial Recognition:**

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amounts the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

### ❖ **Conversion on reporting date:**

Foreign currency monetary items are reported using the closing rate. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

### ❖ **Exchange Differences:**

Exchange difference arising on the settlement of monetary items or on reporting monetary items of Company at rates different from those at which they were initially recorded during the year or reported in previous financial statements are recognized as income or as expenses in the year in which they arise.

## 1.18 Employee Benefits

### ❖ **Defined Contribution Plan**

Employer's contribution to Provident Fund/ Employee State Insurance which is in the nature of defined contribution scheme is expensed off when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the fund.

### ❖ **Defined Benefit Plan**

#### a. **Gratuity**

Gratuity liability is in the nature of defined benefit obligation. Such liability is provided based on independent actuarial valuation on projected unit credit method made at the end of each financial year as per the requirements of Ind AS 19 "Employee Benefits". Actuarial gain/ (loss) in the valuation are recognized as other comprehensive income for the period.

#### b. **Compensated absences**

Compensated absences which are in the nature of defined benefit obligation are provided for based on estimates of independent actuarial valuation on projected unit credit method made at the end of each financial year as per the requirements of Ind AS 19 "Employee Benefits".

## 1.19 Dividends

Annual dividend distribution to the shareholders is recognized as a liability in the period in which the dividend is approved by the shareholders. Any interim dividend paid is recognized on approval by Board of Directors. Dividend payable and corresponding tax on dividend distribution is recognized directly in equity.

## 1.20 Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

## 1.21 Exceptional Items

Exceptional items refer to items of income or expense within the statement of profit and loss from ordinary activities which are nonrecurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the Company.

## 1.22 Recent accounting pronouncements

### (a) Adoption of recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

**i) Ind AS 1 - Presentation of Financial Statements** - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the financial statements.

**ii) Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors** - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statements.

**iii) Ind AS 12 - Income Taxes** - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statement.

## Explanatory Notes & Other Disclosures

### 33.1 Contingent Liabilities (Claims/Demands not acknowledged as debt):

(Rs. In Lakhs)

		As at 31.03.2023	As at 31.03.2022
(i)	Bank Guarantee	452.32	449.10

- (ii) A.P. General Sales Tax liability of Rs. 18.77 lakhs (Upto 31.03.2022 – Rs. 18.77 lakhs) on packing materials purchased during the accounting years 1990-91 and 1991-92 as the Company preferred appeals before Appellate Authorities and the same are pending.
- (iii) In the year 2007-08, A.P. Commercial Tax Department had revised the CST Assessment for the year 2000-2001 and demanded Rs. 39.25 lakhs. The company got stayed the demand through an order of Hon'ble High Court of A.P. and the department had collected Rs. 19.09 lakhs around 50% of the demand which is grouped under Other Non-Current assets. On Company's Appeal to the Sales Tax Appellate Tribunal, the Tribunal has set aside the demand and remanded the matter to assessing authorities. No provision is made in the accounts for the disputed tax of Rs. 39.25 lakhs.
- (iv) Karnataka Sales Tax demand of Rs. 6.20 lakhs (Upto 31.03.2022 – Rs. 6.20 lakhs.) for the accounting year 1993-94 as the company preferred an appeal in the Hon'ble High Court of Karnataka.
- (v) **a) Voltage surcharge:** In the year 2003-04, Central Power Distribution Company of A.P. Ltd. had levied Voltage Surcharge of Rs. 130.29 lakhs for getting the energy through general lines over and above the contracted load instead of dedicated lines. As getting the energy through dedicated line is not within the control of the company, the company challenged the levy before Hon'ble High Court of Andhra Pradesh and the High Court was pleased to pass an order staying the collection of the said levy. However, the Company has paid Rs. 72.06 lakhs (31.03.2022 – Rs. 72.06 lakhs) under protest and shown under Other Non current assets and the said amount was not provided for in the books. The appeal is pending.
- b) Fuel Surcharge Adjustment (FSA):** FSA for the period from April 2008 to June 2010 amounting to Rs. 248.75 lakhs which were stayed by the Hon'ble High Court of judicature at Hyderabad for the states of Telangana and Andhra Pradesh, was not accounted.
- (vi) Commercial tax department, Government of Telangana has issued demand notice for the payment of entry tax Rs.46.89 lakhs pertaining to financial year 2012-13 to 2017-18. Company has filed appeals before the Appellate Deputy Commissioner (CT), Hyderabad Rural Division by paying 35% of the disputed tax. As the appeals are dismissed by the Appellate Deputy Commissioner (CT), Company filed writ petitions before Hon'ble Court of Telangana and Hon'ble Court of Telengana has given stay orders.

## 40. Financial Instruments

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into level 1 to level 3 as described below.

### Level 1 - Quoted prices in an active market:

This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of mutual fund investments.

### Level 2 - Valuation techniques with observable inputs:

This level of hierarchy includes financial assets and liabilities, measured using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

### Level 3 - Valuation techniques with significant unobservable inputs:

This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

#### 41. Financial Risk Management Objectives and Policies

The company is exposed to financial risks arising from its operations and the use of financial investments. The key financial risks include interest rate risk, market risk, credit risk and liquidity risk. The company has risk management policy which not only covers the foreign exchange risks, but also risks associated with the financial assets and liabilities such as interest rate risks and credit risks. The risk management framework aims to:

1. Create a stable business planning environment by reducing the impact of currency and interest rate fluctuations on the company's business plan.
2. Achieve greater predictability to earnings by determining the financial value of the expected earnings in advance.

The following sections provide the details regarding the Company's exposure to the financial risks associated with financial instruments held in the ordinary course of business and the objectives policies and processes for the management of these risks.

##### (i) Market Risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk, currency rate risk, interest rate risk and other price risks such as equity risk. Financial instruments affected by market risk include investments in mutual funds.

##### a. Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of the Company and the Company's financial instruments will fluctuate because of changes in market interest rates. Since the Company has only fixed interest-bearing debts, exposure to interest rate risk is minimal.

##### b. Foreign Currency Risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Currency risk arises when transactions are denominated in foreign currencies.

The Company has transactional currency exposures arising from goods supplied or received that are denominated in a currency other than the functional currency. The foreign currencies in which these transactions are denominated are mainly in US Dollars (\$). The Company's trade receivable and trade payable balances at the end of the reporting period have similar exposures.

The following table demonstrates the sensitivity in the USD to the Indian Rupee with all other variables held constant. The impact on the company's profit before tax due to changes in the fair value of monetary assets and liabilities is given below:

Rs. in Lakhs

Particulars	Change in Rate	For the year ended 31st March 2023	For the year ended 31st March 2022
USD	+ 0.50%	0.38	3.27
	- 0.50%	(0.38)	(3.27)

**c. Other price risk**

Other price risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer or by factors affecting all similar financial instruments traded in the market.

The Company is exposed to price risk arising mainly from investments in Mutual Funds recognized at FVTPL.

Sensitivity analysis of 1% change in price of security as on reporting date. (Rs. In Lakhs)

Particulars	Impact on Profit & Loss		Impact on OCI	
	2022-23	2021-22	2022-23	2021-22
Mutual Fund (1% change in price)	2.72	2.62	Nil	Nil
Total	2.62	2.62	Nil	Nil

**(ii) Credit Risk:**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The credit risk arises from its operation activity primarily from trade receivable and from its financial activity. Customer credit risk is controlled by analysis of credit limit and credit worthiness of the customer on a continuous basis to whom the credit has been granted.

Long outstanding receivable from customer are regularly monitored. The maximum exposure to credit risk at the reporting date is the carrying value of trade and other receivable.

**(iii) Liquidity Risk:**

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

The company ensures that it has sufficient cash on demand to meet expected operational demands including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted.

**Maturity profile of Financial liabilities**

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:
